### ALIVE & KICKIN' PIZZA CRUST

AK Pizza Crust has plants in Green Bay, Wisconsin, and Prior Lake, Minnesota. The company manufactures par-bake pizza crust, self-rise crust, and dough balls. They also have a topping line to produce fully topped pizzas. Some of the featured brands are as follows: Omni Foods, Bellarico Pizza, Stella, and Pizza Primo

[www.akcrust.com](http://www.akcrust.com)

### FABALISH

As a private chef for clients with dietary restrictions, Jessica Gebel perfected the art of making dips and sauces that were 100% plant-based, organic, allergen-friendly, and artificial preservative free. After selling small batches of dips at the Miami Farmer's market, popularity for her one-of-kind products soared and Fabalish was born.

### BROOKS HOUSE OF BBQ

A sauce like no other! Brooks' Original Bar-B-Q Sauce was created with one goal in mind and that was to be different, but delicious! Perfect for basting, glazing and dipping or even as a condiment. Also excellent as an ingredient in soups, stews, hamburgers, meatloaf or as a marinade too!

### THE BE-HIVE

A Nashville-based plant-based meat and cheese company that manufactures toppings for pizza and deli sandwiches. In addition, the Be-Hive produces plant-based breakfast sausages and alternative taco or chorizo meat.

### ZALVINA FOODS

Zalvina partners with food-service businesses to deliver custom frozen and refrigerated products designed with flexibility in mind. Based in North Dakota, they specialize in co-packing, private label, and specialized formulations and packaging – meaning chefs and food businesses can bring unique, tailored offerings to the table with ease.

[www.zalvina.com/](http://www.zalvina.com/)

### NEGRONI

Negroni brings over a century of Italian charcuterie expertise to the U.S., focusing on four simple elements – earth, water, air, and fire – to craft premium deli meats with authenticity and tradition. From their heritage in Italy's Po Valley to modern service channels, they combine quality & safety with convenience and innovation for today's food-service landscape.

### HUNGRY PLANET

Hungry Planet is on a mission to improve both personal and planetary health with a full range of delicious, versatile plant-based proteins. Crafted for chefs, their products offer true culinary freedom and can be swapped 1-to-1 with conventional meats – making any cuisine making sustainable eating easier than ever.

[www.hungryplanetfoods.co](http://www.hungryplanetfoods.co)

### BELEAF VEGAN

This award-winning line of plant-based meat and seafood offers shrimp, scallops, calamari, sashimi, bacon, eggs, and even an unforgettable hot dog all made with clean ingredients and no harm done. Fully cooked for easy, on-the-fly prep, every product is non-GMO, cholesterol-free, and free of animal ingredients or chemicals. With over 30 years of manufacturing excellence, they deliver plant-based innovation you can taste.

[www.beleafvegan.com](http://www.beleafvegan.com)

### 50CUT

Mushrooms fuel 50CUT's innovation. Through a proprietary roasting process, they turn premium mushrooms into rich, flavorful, nutrient-dense ingredients that elevate any menu. Sourced sustainably with the help of Hudson Valley farmers and upcycled food waste, their lineup includes burger patties, blended grounds, sausages, and meatballs. One taste of 50CUT, and you'll see why it stands apart from other plant-forward proteins.

### BETTANI

Dairy cheese is the third most carbon-intensive food after beef and lamb, and the most water-intensive. 25% of Americans and 75% of adults globally are lactose intolerant, with millions more having dairy, soy, and/or nut allergies. Bettani Farms patented Caseed protein, naturally derived from the seeds of regenerative crops, makes more sustainable and inclusive cheeses possible, while still delivering the nutrition and delight of stretchy, melty mozzarella, jack and cheddar!

### WHOA! DOUGH

With 32 million people affected by food allergies, Whoa Dough set out to create safe, craveable snacks everyone can enjoy. Their cookie dough bars are Certified Gluten-Free, Non-GMO, Plant-Based, Soy-Free, Dairy-Free, Egg-Free, and Vegan – plus four flavors are Top-8 allergen-free (two contain nuts). In short, there's something delicious for everyone with whoa dough!

[www.whoadough.com](http://www.whoadough.com)

### IVAN BAR

The Ivan Bar was created to deliver exactly what the founder wanted but couldn't find: a clean, nutritious, and great-tasting bar made with real proteins and nutrients, and nothing unnecessary. No colors, no fillers, no BHT, just delicious and unique flavors that are genuinely good for you.

[www.ivan.bar.com](http://www.ivan.bar.com)

### HARTYBAKE

HartyBake is built on a sense of home warmth, tradition, and the comfort of sharing something delicious. Inspired by their father's belief in having a clear vision and never losing sight of it, the team stays focused and passionate, working together like family on their delicious products. The result: light, indulgent Liege waffles made with authentic Belgian pearl sugar.
